G. R. File No. 178 of 1916.

Serial No.

11. The views of the Assistant Superintendent were called for under directions from the First Member of Council in para 7 of the above notes. The paper under disposal with its enclosures explains the grounds for the proposed revision as also for the additions and alterations suggested at present. Present scale has been verified by the Comptroller and the proposed scale involves an additional expenditure of Rs 9784/- per annum. This amount is proposed to be included in the next year's budget & the Financial Secretariat may be requested to state whether it has been included in the Scheme.

Submitted for orders.

7.3.19

Ly 12 For the revision of the establishment of parks and minor gardens a lumpsum of Rs 10000/- was proposed for addition to the figures shown in the first edition of the budget.

NOTE—Contn. sheet.

No. 1466

H. C. JAVARAYA, L.Ag., F.R.H.S.,
Assistant Superintendent.

Office of the Superintendent,
Government Gardens in Mysore,
Lal-Bagh, Bangalore (India),
Dated, 24th April 19 19.

Dear Sir,

I beg to state that in the draft budget for 1919-20 recently issued, a sum of R$.1,00,200 only has been provided for this department against R$.1,70,588/- requested for. The two items of heavy expenditure were under "Improvement" viz., the extension of Lal-Bagh at a cost of R$.30,781/- and water supply to Cubbon Park at a cost of R$.25000/-. Even if these works are given up, we would still require R$.1,14,807. The most important item of all is the Revision of the Establishments of Parks and Minor Gardens at a cost of about R$.10,000. This question has been pending for the last 6 years. When the revision of the Establishment of the Botanical Gardens was sanctioned in May 1918, this was not considered. The staff of the Parks and Miner Gardens is paid very low. The cost of living has increased enormously. The wages of labourers have gone up very high. There has been much expansion in the works. And unless the revision of the Establishment is sanctioned, it will not be possible to ---

to maintain the Parks and Gardens in an efficient condition. I therefore request that an extra grant of Rs.10,000 for the revision of Establishments of Parks and Minor Gardens may kindly be provided for in the budget for 1919-20.

Yours obediently,

H.C. [illegible]

To

C.S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of His Highness
the Maharaja of Mysore,
BANGALORE.

G. R. S. III-2.

General and Revenue Secretariat.

S/III File No. 178 of 1916.

dated 27-2-18 it was stated that proposals
for such revision would be worked up and
submitted. But an order which was prepared
according to the wishes of the Second Member as previously
expressed was kept by pending proposals
from Mr Jayaraya after he assumed charge
as Asst Superintendent. These proposals
have now been received and involve
an extra cost of about Rs 6000/- Provision
for the purpose was proposed on the 1st
edition of the draft budget but has not
been admitted in the Second Edition.
Revision as proposed seems very
necessary & funds therefor should be
provided in the budget if the proposals
are to be considered at all.

2) If the extra provision of Rs 6000
is made the case will be
worked up for orders.

Chief Secy). Revd : 17/5/19.

21) The Fd dept may be asked to
add the provision which is very
necessary.

Ch Secy

34) The proposals have been made after a full discussion which I had with Jawaraja & I do not think the salary pay will bear any reduction.

37) The expenditure can only be reduced if isolated gardens like the Law Courts garden in Mysore, Agr Office garden in Maniyanthi office gardens

NOTE—Contn. sheet.

(P. R. S. III-2]

General and Revenue Secretariat. | File No. of 191 .

Serial No.

are taken out of the ~~cost~~ Change & left to the dept ~~&~~ offices concerned.

But in regard those gardens are all part of a close to the Garden Park & they have to be maintained well, if at all.

38) Similarly in the case of gardens etc & contain official quarters.

39) The proposals as a whole may be sanctioned.

~~yet hereto~~ this 21 Oct }

40) No financial objection }

subject to such reduction as may be possible to effect in the light of the following observations made in the interests of economy:--

1. LAWSON PARK. Hitherto a member of the Lalbagh establishment was looking after this Park also. It is now proposed to have a full-time Overseer on Rs.60/- This rate of pay may perhaps admit of reduction if only a superior Nursery is intended to be employed. A pay of Rs.40/- or Rs.45/- may be found sufficient.

2. The strength of the establishment of garden is proposed to be raised from 20 to 49. The additi is very large and the necessity for the whole of i

There are four or five overseers in the dept & the salary pay prices Rs? provide some prospects for them. hence pay proposed.

The area of actual gardens has been greatly increased of recently.

NOTE—Contn. sheet.

Serial No.

is not clearly explained in the Assistant Superintendent's letter. I would therefore suggest that whatever economy is possible may be made.

3. A separate class of servants called - - "Watchmen" is proposed, but the need for it is not clearly explained. There were no men of this class hitherto and whatever arrangement for watching was possible in the past may be possible in the future also.

Cubbon Park is understated : there is a good deal of theft & plucking. Also a good deal of trespassing which has to be stopped. etc

LOWER PARK.- Supervision. It is not likely that there will be full work for 3 men viz., (1) Salesman (2) Seeds collector and (3) Clerk. The clerical work is not likely to be much and the appointment of a clerk may not be necessary and whatever clerical work there is can be attended to by the Salesman himself.

2. Two peons for an office of 2 or 3 men appear to be unnecessary - one peon will probably be sufficient.

Garden Establishment. The remarks made under Cubbon Park in regard to Watchmen apply to the similar servants proposed in this establishment also.

PRIVATE SECRETARY'S GARDENS. The number and cost of this establishment have both been proposed to be increased but the necessity for it is not explained in the Assistant Superintendent's letter.

"LAKE VIEW". Here again the number and cost are both proposed to be increased largely and there is no explanation for such addition.

2. Scavengers form no part of a garden - - establis

NOTE—Contn. sheet.

establishment and the two places of scavengers may be left out as they are now included in the presen establishment.

GAS COOKS. The number and cost proposed are doubl but the increase is not explained.

UNIVERSITY LIBRARY GARDEN. I think it is only ri that the cost of maintaining this garden should b borne by the University. I cannot see what - - difference there is between this garden and t h e garden ~~they have~~ in the College itself. If the latter is maintained by the University there is r reason why the former should not be.

RAILWAY OFFICE GARDEN. If a separate establishmen is necessary on account of this garden it is onl right that the Railway Department should bear th cost.

GUESTS' QUARTERS & OTHER BUILDINGS. It is not stated what these other buildings are. If Sir K Seshadri Iyer's bungalow and Representative Home are included in the "other buildings" these have their garden establishment now. I think it is necessary to specify the particular buildings a the number of gardeners required for each.

DAILY BOILER Bagh. Here also the number and cos has increased but there is no explanation for addition. The need for a watchman is also unexplain there is none of this class in the present - - establishment.

The proposed expenditure is recurring and of a nature to be limited to the minimum. The c In view of which th

29/7

(42) Brd/Asking with D.O.

(43) Draft D.O. is sent.

11/8/19. Asstt Supdt

(44) The Asstt Supdt was here today and his views on the suggestions are noted below: —

Chief Engr Secy

1) The PW Dept have an overseer for the roads in the Park. The responsive work of looking after the garden lawns requires an officer of equal status at least, and a mistry would not be enough for his charge.

NOTE—Contn. sheet.

2) The whole number proposed is necessary for the reason noted by the Ch Secy in the margin. As a matter of fact we are now spending in the shape of temporary coolies about Rs 300/- for carrying out the same work.

3) The need for watchmen is explained by Ch Secy above. So far there has been no "watching" and this has meant some loss by theft and deterioration of the gardens in places.

6) Garden Beats.— 1) The supervising staff is not only for Gardens & Parks. The Overseer, the Salesman & the Clerk are for an office which will deal with all Gardens & Parks in Lucknow City. This staff is quite necessary. For the present it will be enough to have a combined salesman & clerk and dispense with the clerk proposed. But a clerk will become necessary before long.

2) The two peons are necessary.

Remarks as to watchmen answered above.

(4) Private Secy's Quarters.— Garden & road work have increased & hence the increased staff proposed.

(5) Lake View.— 1) The same remarks as to increased staff.

2) "Scavengers" is an error for "Sweepers" who are very necessary. Please see other gardens.

(7) Law Courts.— The garden is now in bad condition. The

G. R. S. III-2.

General and Revenue Secretariat.

Govt. File No. 1[illegible] of 191[illegible].

Serial No.

extra cost is nec[y]. It has been proposed that this garden may be transferred to the charge of the Conservator himself and the matter is under consideration. Until orders issue the est[t] is nec[y].

1 Govt House Garden. — There is no objection to this garden being made over to the University. The Govt may be consulted. But the est[t] is nec[y].

2 Railway Station Garden. — The R[y] Co[y] may be consulted. But as in the above cases the est[t] is nec[y].

3 Guests Quarters & other buildings. — The other buildings are three. The four buildings are the four corner buildings of the square. The staff proposed is quite necessary. Thus:—

1. { Guests Q[rs] & new Building in the same room
   { Three gardeners, 1 sweeper.
2. { The ground building opposite
   { 1 gardener 1 sweeper.
3. { Seshadri Iyer's Bungalow & Padmalaya
   { 2 gardeners and 1 sweeper.

1 Head gardener for all together.

4 Daulat Bagh. Similar remarks, to above. It is an important garden visited by many and has to be kept in much better condition than at present.

4 proposed have 4 gardeners + a sweeper.
One of the gardeners (on Rs 7) may be omitted; and any 3 gardeners (1 on Rs 10 + 2 on Rs 8 each) and a sweeper sanctioned.

(5) Lake view Road

4 gardeners + 2 swapers
At present 4 ~~gardeners~~ (of whom 2 gardeners are part timers) are employed. Any 3 gardeners (1 on Rs 10 + 2 on Rs 8) and a sweeper may be sanctioned (in addition to the watchman)

(6) Law Courts.

This should be transferred to the Public Works Dept. But till then the existing staff of 2 gardeners + a watchman may continue, & the pay of the gardeners being fixed as Rs 8 each, instead of Rs 7 + 5 as at present. The watchman may be employed for watching with the sweeper.

(7) University garden

As soon as the Fund lasts, the Board should maintain the University + there is no need for the Gardens Dept to maintain it

(8) Railway Office gardens

These should be maintained by the Dept + Concerned, as soon as the Fund lasts + no provision need be made for it in the Garden Budget.

I am not in favour of the Land Courts Judges (Mysore) being transferred to the Judicial dept. If Mysore State requires the Services of Judges will not Talukdars be appointed in a Land Courts Judges in addition to their duties. The Judges will determine for want of supervision. There is also the danger of the Establishment being employed there may be Forgeries. I do not see any reason why the present arrangements should be disturbed. Moreover the Judges if not Executive Officers of Government the Judicial dept. will ask for the same Establishment & Subordinates there being no provision for them — and the Judges & the Judicial dept. thus Mysore State will be formed in addition to funds for the Service.

NOTE—Contn. sheet.

Revision of the Gardens establishment.

.....

Revision of the establishment attached to the following gardens and parks is proposed at the cost shown against each -

		Extra cost.
1.	Parks and Gardens, Mysore City.	69. 5. 4
2.	Gordon Park, Mysore.	38. 8. 0
3.	Curzon Park.	27. 8. 0
4.	Private Secy's quarters.	26. 0 0
5.	Dewan's quarters, Mysore.	35. 8. 0
6.	Law Courts, Mysore.	28. 8. 0
7.	Durbar Surgeon's Quarters.	7 0 0
8.	Hardinge Circle.	19 0 0
9.	Govt.House, Mysore.	21 0 0
10.	University Library.	13 0 0
11.	Railway office.	28 0 0
12.	Guests Qrs., & other buildings.	78 0 0
13.	Daria Doulat Bagh, Seringpatam.	71 0 0
14.	Cubbon Park, Bangalore.	353 0 0
		815 5 4

Total per mensem, or per annum...

Rs. 9,784

A provision of Rs.10,000 has been made in the current year's budget for the revision of the estt: of minor gardens and parks.

.....

The following particulars are required the 3rd Member.

(1) How many overseers are there now in the Gardens Department, and what rates of pay are they drawing?

(2) With ref: to the chief Secretary's Marginal note on page 6 of the Estimates — what is the percentage of the increase, to the original area of the Gardens, when the estimate was last revised?

...rtment regarding the observations of the Financial Secretary and the Supdt. of the Cubbon Park Department in regard to provision proposals.

Item.	Financial Secy's note.	Supdt's remarks.	
Cubbon Park.			
Over-seer on Rs.60.	A superior maistry on Rs.40 or Rs.45 may be sufficient.	The P.W.D. has an over-seer for roads in the Park. An officer of equal status is necessary for looking after the garden and lawns. A maistry is not enough. There are 4 overseers proposed and the pay is fixed to provide prospects for them.	As suggested by the Financial Secretary the overseer may be reduced to Rs. 45-3-60 [illegible] A proposal to [illegible] may be submitted for the place, so long as only one appointed for the place may remain there for sometime & when such an arrangement subsists [illegible] place keep on the workmen for a better place shown in right hand [illegible] of the [illegible] (or [illegible]) & the gardeners [illegible] gardeners [illegible] proposed by the Supdt may be reduced & [illegible] provided by the Padshah also (as they are [illegible]) and no separate watchmen are employed.
Raising the number of gardeners from 29 to 40.	The addition is very large and some economy may be effected.	The area of actual gardens has been increased and at present we are spending in the shape of temporary cooly about Rs. 300 per mensem for carrying on the same work. Hence the whole number is necessary.	
4 watchmen on Rs.8 each.	The need for this is not explained. There were no men of this class hitherto and whatever arrangement for watching was possible in the past may be possible in future	Cubbon Park is unprotected & there is a good deal of theft of plants and also a good deal of trespassing to be avoided.	

Item.	Financial Secy's note.	Supdt's remarks.	
[illegible] - Retrenchment.			
Clerk on Rs.25.	This is not necessary as his work can be done by the salesman.	For the present, the clerk may be dispensed with, but he may be reqd: before long.	The clerk is not kept on.
2 peons on Rs.8 each.	One peon is enough for a small office of 2 or 3 men.	Both the peons are necessary.	The Supdt says that an increase of a ~~one peon~~ may be necessary & that now peons are necessary & that two peons are necessary.
- Garden establishment.			
2 watchmen on Rs.7 each.	The same remarks as for the Cubbon Park establishment.	The same remarks as in the Cubbon Park estt.	I agree with the Financial Secy.
Private Secy's Office.			
Increase in the number and cost of estt.	Necessity not explained.	Garden area and work have increased and the increased staff necessary.	Proposed number of gardeners may be reduced.
Lake Tie.			
Increase in the number and cost.	-do- -do-	-do- -do-	One gardener & one sweeper may be included in the number proposed.
2 scavengers.	They form no part of the Garden establishment.	"Scavengers" is a mistake for sweepers who are very necessary.	
In Courts.			
Increase in the number & cost of establishment.	This is doubled but no explanation.	The garden is in bad condition. Question of transfer to the charge of Courts is under consideration. Till then, charge is necessary.	Increase of staff may be allowed as proposed under the circumstances mentioned by the Supdt.

Item.	Financial Secretary's note.	Supdt's remarks.	
[illegible]	The cost of maintaining this shd: be borne by the University. Rs.13.	No objection. But the establishment is necessary.	I agree with the Supdt. The necessity for the above establishment should be carefully considered.
[illegible]	The Railway office should bear this cost. Rs.28.	No objection.	
[illegible]	There is no explanation for the necessity for increase.	Important garden visited by many and has to be kept in an efficient condition.	No 2 gardeners may be reduced to one.
Watchman.	The need for a watchman is not explained.	The same remarks as in other similar cases above.	
	.....		
	The expenditure is recurring and the charges are of a nature to be limited to the minimum. In view of this, I suggest a reconsideration of the proposals with a view to effect as much reduction as possible.

No. 1193

2229

Office of the Superintendent,
Government Gardens in Mysore,
Lal-Bagh, Bangalore,
Dated, 11 th March 1919.

From

A.C. Javaraya, Esq., L.Ag., F.R.H.S.,
Assistant Superintendent,
Government Gardens, Bangalore.

To

C.S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of His Highness
the Maharaja of Mysore,
BANGALORE.

Through

The Comptroller,
Government of Mysore,
BANGALORE.

Sir,

Adverting to your letter No.G.6932/G.H.178-16-38 dated 18th November 1918, calling for my views on the proposals regarding the revision of the Establishments of the Cubbon Park, Bangalore, Parks and Gardens, Mysore City, and Daria Dowlat Bagh, Seringapatam, I have the honor to state as follows:-

The reasons for extra establishment sought for have been explained at length by Messrs: Krumbiegel and Bishtopanth Badami and it is unnecessary for me to repeat them here. The present scale remains as it was sanctioned in 1907. The proposals under reference were originally submitted by Mr. Krumbiegel in 1913 and subsequently by Mr. Bishtopanth Badami in 1916 and my views are now submitted in 1919. A period of 6 years in these times of rapid changes must necessarily alter the condition of things to a large extent. The rise in the cost of living, dearth of labour and the

the resulting high wages and also certain other points dealt with later on in this letter have necessitated my submitting fresh --- proposals which are not quite different from those sent up already, but which contain a few additions and alterations.

According to the nature of their charges the pay of the --- Overseers has been so fixed that they may look forward with hope for future prospects. The Overseer of Daria Dowlat Bagh will get Rs.40/- per mensem, that of Cubbon Park Rs.60/- per mensem and that of Mysore Parks and Gardens Rs.80/-. Provision has been made for carts in this wherever necessary. During rainy season they are used for carting red earth, sand, manure etc., I will now deal with individual Parks and Gardens and explain the chief points for -- consideration in each.

CUBBON PARK.

This Park is very largely extended and improved and as such requires a man of sufficient status to control the staff and to maintain it in an efficient and tidy condition. There are five different sections of Park which are laid out elaborately in formal design which requires close supervision. So an Overseer on Rs.60/- per mensem is proposed. At present, the Supervisor attached to the Lal-Bagh Office is in charge of the Park with the result that his legitimate work has suffered very much if not altogether neglected. The want of a wholetime Overseer has been very keenly felt in the interests of the work of the Park and the proposed hand is absolutely necessary.

A place on Rs. 20/- is proposed for a hand, who will assist the Overseer in keeping stock of tools, &c., and who will be at the head of the labour gang. As it would be convenient to have a literate man who knows gardening also for this place the designation is --- proposed to be that of 'Baistry' instead of 'Clerk' or 'Store-keeper'. Five head Gardeners are required, 2 on Rs.16/- each per mensem and 3 on Rs.15/- each for the following different sections:-

1. Sheshadri Statue Garden.
2. Bandstand Garden.
3. Public Offices and Cubbon Statue Garden.
4. Museum Garden.
5. King Edward and Queen Victoria Statue Garden.

Considering that Malis in Bangalore are earning Rs.15/- to Rs.20/- per mensem in private Bungalows, the scale proposed for them at Rs.16/- and Rs.18/- is quite reasonable.

4 watchmen are necessary and they are provided for at Rs.8/- per mensem.

The present rate of Rs.10/- per mensem sanctioned long ago for water carts is very low and they cannot be engaged for that sum now. Considering what the Municipality is paying for the carts, the rate is proposed to be raised to Rs. 22/- per mensem.

My proposals involve an excess of Rs.353/- per mensem over the present Establishment of Rs.187/-. Since 1st July 1916, the cost of the maintenance of the Park has been met by the grant of Rs.300/- per mensem from Coolly labor. Having regard to the present area and nature of the Park and the difficulty of getting suitable men, the increase is justifiable.

PARKS AND GARDENS,

MYSORE CITY.

-:-

This is a very important and extensive charge under the Gardens Department in the Capital. There are at present 7 Parks and Gardens spread over different parts of the Mysore City.

1. Gordon Park.
2. Curzon Park.
3. Private Secretary's Quarters
4. Dewan's Bungalow.
5. Huzur Secretary's Quarters.
6. Hardinge Circle.
7. Govt. House Gardens.

Along with the town improvements which have been effected and which are under contemplation, the Parks and Gardens play a very important part therein. There is large scope of improving the existing gardens and for laying out new ones.

The addition of gardens round the

1. University Library
2. State Railway Office
3. Government Guests Quarters and other buildings

entails extra labor and cost. The gardens round the Law Courts were proposed to be transferred to the Judicial Department. (T.O. No.877 dated 27-1-19). With a view to efficiently control the staff attached to the various gardens and to keep accounts connected with the routine management and improvements and for running the proposed Ball-room, the constitution of an office for the Overseer is very necessary and this is provided under the heading 'Supervision'.

The Overseer's pay has been fixed at Rs.80/- per mensem taking into consideration, the nature of the work and its responsibilities. As he has to look after all the gardens at different situations in the Mysore City, the usual conveyance allowance of Rs.10/- is retained. The permanent incumbent Mr. T.S. Lakshman Rao was drawing Rs.80+ Rs.20/- (P.A.) + Rs.10/- (CA) Supervision allowance for Government House Garden Rs.10/- conveyance allowance, making in all Rs.120/- per mensem. Now that he is on furlough with effect from 15th January 1919 prior to his retirement from 8th August 1919, I request that necessary provision may kindly be made in the Budget of 1919-20 to pay him furlough allowance of Rs.50/- per mensem to the date of his retirement. With the sanction of the scale now proposed, the Government House Supervision Allowance of Rs.10/- drawn by Mr. M. Narasiah, the Acting incumbent will cease.

To assist the Overseer in maintaining proper accounts of cash, tools &c., in his charge, a clerk on Rs.20/- is necessary as also 2 peons on Rs.8/- each for the Office.

As the people of Mysore City have no source of getting seeds and plants to enable them to take to the healthy and profitable occupation of gardening, the Huzur Secretary to His Highness the Maharaja of Mysore has suggested the opening of a Seed-Depot and Nursery at the Curzon Park. For this purpose a Salesman on Rs.30/-

and a Seed Collector on Rs.10/- per mensem are wanted.

As in Bangalore it is very difficult to get trained malis in Mysore. In providing Registrar and Head Gardeners for each Garden and Park suitable scale has been provided keeping in view the nature of the charge and their prospects of promotion, as follows:-

Curzon Park	..	Rs.20/-
Lordon Park.	..	Rs.16/-
Govt. House.	..	Rs.14/-
Hardinge Circle & Guests Quarters.	..	Rs.12/-
Dewan's Bungalow Gardens.	..	Rs.10/-

The old scale is very low and quite unsuited to the present time and so slight increases to the existing men and women and a few extra appointments have been provided wherever necessary. As watercarts cannot be had at Rs.18/- per mensem, the rate has been raised to Rs.22/8/-

The revision involves an increase of Rs.261/- over the present cost of Rs.723/8/- per mensem and Rs.380/- with the expansion and addition of works.

DARIA DOULAT BAGH,

SERINGAPATAM.

-:-

The designation of Daroga of the executive official in charge now is proposed to be changed to that of Overseer for the sake of uniformity. His pay of Rs.25/- which is very low, as compared with the extent and nature of responsibilities attached to the post, is raised to Rs.40/- per mensem. Seringapatam is a very unhealthy place and successive Darogas that have held the charge have been either a prey to malaria or epidemic diseases or have been severely disabled by them. As the official has to spend liberally on his personal comforts to keep up good health, the pay of Rs.40/- per mensem is very modest.

Small increases of pay have been proposed to the existing

existing staff and a few new hands absolutely necessary for the efficient management of the garden.

The proposal involves an increase of Rs.71/- per mensem over the present establishment.

Under the foregoing circumstances, I earnestly solicit early sanction of Government to the proposals now submitted. The Proposition Statement in duplicate is forwarded herewith. Excepting the funds provided under 'Improvements of the Lal-Bagh' there is no other source from which the cost can be met. The Comptroller may be kindly requested to make necessary provision in the coming year's Budget.

I have the honor to be,

Sir,

Your most obedient servant,

H. C. Jawaya.

Assistant Superintendent,

Government Gardens, Bangalore.

T. Krishnamurthy Iyer, B.A., L.A.,

Private Secretary to the Government of His Highness

the Maharaja of Mysore,

B A N G A L O R E.

Sir,

With reference to your letter No.G.S.930/G.H.179-16-29 dated 18th November 1918, I have the honour to retransmit herewith my letter ---- dated 4th March 1919 with proposition Statements etc., sent to Government for verification and transmission to you but returned to me along with the letter No.1150/P.A.L.(A) 4/5 dated 25th instant. (Five copies enclosed). My position of these Establishments is very much in the interest of efficient work in the several gardens and parks and I request that the sanction of Government may be kindly accorded to keep the size of the Official roll for the proposals submitted and the provision for the extra expenditure may be made in the budget for the ---- year 1919-1920.

I have the honor to be,

Sir,

Your most obedient servant,

H. C. Javaraya

Assistant Superintendent,

Government Gardens.

2. Letter No. 5167 dated the 30th December 1916, from the Comptroller, forwarding in duplicate duly verified the proposition statement relating to the revision of the establishment of the Government Gardens at Mysore received from the Superintendent Government Gardens, with his letter No. 498 dated the 21st December 1916.

3. Letter No. 5166 dated the 29th December 1916, from the Comptroller forwarding in duplicate, the proposition statement relating to the revision of establishment of the Daria Dowlat Bagh, Seringapatam, received from the Superintendent, Government Gardens with his letter No. 503 dated the 22nd December 1916.

4. Letter No. 7912/B & R.763 dated the 14th March 1917 from the Comptroller, forwarding in duplicate the proposition statement relating to the revision of the establishment of the Gardens behind the Public Offices and the Oriental Library buildings at Mysore.

5. G.O.No.G.15788-9/G.W.178-16-36 dated the 22nd May 1918, sanctioning the revision of the establishment of the Gardens Department (Lalbagh).

6. Further correspondence ending with letter No. 1337 dated 2nd April 1919 from the Assistant Superintendent, Govt. Gardens, forwarding modified proposals for the revision of staff of the Minor Parks and Gardens, referred to above, with proposition statements verified by the Comptroller.

****

Order No.

Dated, Bangalore 19

The revision of the establishments proposed in the letter of the Assistant Superintendent, dated 2nd April 1919 read above with certain modifications as indicated in the annexed statement is sanctioned with effect from 1st January 1920.

2. No provision is made in the statement for the University Garden and the Railway Offices' garden, as these should be maintained by the departments concerned.

2. Government also consider that the Law Courts garden should be looked after by the judicial department. The Assistant Superintendent, Govt. Gardens, will, in communication with the Registrar of the Chief Court, arrange to hand it over to that department and submit a report of having done so. Meanwhile the establishment provided in the statement for this garden

may be entertained temporarily till it is handed over to the judicial Department.

3. The extra cost involved will be met from the provision made therefor in the current year's budget.

Draft as approved by this Memo 11/4

Chief Secretary to Government.

To

The Superintendent, Govt. Gardens.
The Comptroller, through Financial Secretariat.
The Registrar, Mysore University.
The Registrar, Chief Court of Mysore.
The Secretary to Govt. Ry. Dept.

Copy to Pro. Branch & Edn. Sectt.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 5143—B. 481, dated the 28th December 1916, from the Comptroller to Government, forwarding in duplicate, duly verified, the proposition statement relating to the revision of establishment of the Cubbon Park, received from the Superintendent, Government Gardens, with his letter No. 487, dated 18th December 1916.

2. Letter No. 5167, dated the 30th December 1916, from the Comptroller to Government, forwarding in duplicate, duly verified, the proposition statement relating to the revision of the establishment of the Government Gardens at Mysore, received from the Superintendent, Government Gardens, with his letter No. 498, dated the 21st December 1916.

3. Letter No. 5166, dated the 29th December 1918, from the Comptroller to Government, forwarding in duplicate, the proposition statement relating to the revision of establishment of the Daria Dowlat Bagh, Seringapatam, received from the Superintendent, Government Gardens, with his letter No. 503, dated the 22nd December 1916.

4. Letter No. 7912—B. & R. 783, dated the 14th March 1917, from the Comptroller to Government, forwarding in duplicate the proposition statement relating to the revision of the establishment of the Gardens behind the Public Offices and Oriental Library Buildings at Mysore.

5. Government Order No. G. 15788-9—G. M. 178-16-36, dated the 22nd May 1918, sanctioning the revision of the establishment of the Gardens Department (Lal-Bagh).

6. Further correspondence ending with letter No. 1337, dated 2nd April 1919, from the Assistant Superintendent, Government Gardens, forwarding modified proposals for the revision of the staff of the Minor Parks and Gardens referred to above, with proposition statements verified by the Comptroller.

Order No. G. 13610-4—G. M. 178-16-41, dated 11th December 1919.

The revision of the establishments proposed in the letter of the Assistant Superintendent, dated 2nd April 1919, read above, with certain modifications as indicated in the annexed statement, is sanctioned with effect from 1st January 1920. No provision is made in the statement for the University garden and the Railway Offices garden, as these should be maintained by the Departments concerned.

2. Government also consider that the Law Courts garden be looked after by the Judicial Department. The Assistant Superintendent, Government Gardens, will, in communication with the Registrar of the Chief Court, arrange to hand it over to that Department and submit a report of having done so. Meanwhile, the establishment provided in the statement for this garden may be entertained temporarily, till it is handed over to the Judicial Department.

3. The extra cost involved will be met from the provision made therefor in the current year's budget.

Supernumeraries for [illegible]

(to be allowed by a reappropriation statement if the proposal involves additional expenditure.

Clerical, Technical and Menial Establishment under "Superintendence".

Section I - A.

1. The present sanctioned clerical establishment consists of 3 hands 1 on Rs. 40 - 5 - 60, 1 on Rs. 20 - 2 - 30 + P. A. Rs. 5 and 1 on Rs. 15/-. But actually, one additional hand on Rs. 20/- borne on Garden Establishment has also been working here since very long, and his services are also absolutely necessary for office work. There are 2 typewriting machines in the office, but no sanctioned post of a Typewriter. The correspondence of the office is of a very varied nature, and with several Departments of Government and also with the Public. The existing staff is not able to cope with the work, and on this account one from the Garden Establishment is doing duty as Typist for more than 2 years. I therefore propose this additional hand to be retained for the office permanently, and the designation of the Workers changed as noted below, to be appropriate with the work on which they are employed:-

1.	Head Clerk & Manager ..	Rs 40 - 5 - 60
2.	Accountant & Assistant Clerk	20 - 2 - 30+P.A. 5
3.	Typist ..	20
4.	Assistant Clerk & Record-keeper	15

2. The artist attached to the office will continue on the present pay of Rs. 40 + P. A. 10/-.

3. The designation of the Technical Draftsman may be changed to Supervisor.

4. The present menial establishment consists of 3 viz., 1 Duffedar on Rs. 10/- and 2 peons on Rs. 8/-. This number is found quite inadequate to meet the actual requirements, and I propose 3 more peons to be added to this establishment, to avoid drawing away men from the Garden or other establishment, and to revise their pay as follows:-

1. Duffedar 1 for office orderly to Superintendent on Rs. 12.

2. Peon 1 on Rs. 9/- for Superintendent's House orderly.

3. Do 1 " 8/- " delivery and cashing of bills and taking remittances to Treasury.

4,5,6. Peons 3 on Rs. 7/- each one for office work and another for Superintendent's house orderly and the 3rd for office Watchman.

Section I - B

Bureau of Economic Botany, Economic Museum & Herbarium.

1. At present, there is no establishment at all sanctioned for this important work. But still, some work in connection with the Economic Bureau and Museum has been done with the help of one of the Horticultural Instructors during his spare hours. As regards the Herbarium which I think is equally important, nothing appears to have been done for very many years, apparently for want of a separate hand for it. The work of these two Sections should no longer be neglected, nor carried out by fits and starts, but should be seriously taken up and developed, as a very useful and necessary adjunct of a Botanical Garden.

2. The following small establishment is therefore proposed for the present, to start with, which might be strengthened later as work increases:-

1.	Librarian & Record-keeper of Economic Bureau & Museum	1 on Rs. 75 - 3 - 90
2.	Herbarium Fieldman	1 on Rs. 20
3.	Peon - -	1 on Rs. 8

The Librarian will be in charge of both the Sections for the present and the Fieldman will assist him in the Herbarium work.

Superintendent Forest Gardens

Permanent establishment under " Lal-Bagh. "

Section II - A.

1. At present, this establishment consists of the following, besides the " Labour Force of the Garden " mentioned in another part of the note.

		Pay	
1. Curator 1	..	Rs. 100 - 10/2 -	150
2. Record-keeper & Salesman 1		35 - 3 -	50
3. Propagator 1		40 - 4 -	60
4. Assistant Propagator 1			20
5. Peons 8 - -	1 on 6 2 on 7		6 14
6. Seed Collector	1		10
7. Bandsman 1			6
8. Peergunti 1			5 ½
			325 ½

2. Of these Nos. 5 & 6 are included in the proposed revision, under " Sale-room establishment."

3. The number of peons viz. 8 is found to be quite inadequate. There are two entrances to the garden, viz. the Sankyarguddi Gate and the Main Gate at which there should always be a Gate-keeper. Besides this there is the entrance from the Siddapur side. It is too much to expect even one man to be on duty at these places, throughout the day. With two more men, it would be possible to have the entrances to the garden guarded throughout the day and to give each of the above 8 peons relief to enable them to go home for meals. For want of additional men at present, there are no Gate-keepers at all at these entrances during one third of the day. Having Watchmen only during a portion and none during the rest of the day, when the gate is open, serves no purpose. I would therefore propose 2 more, one on Rs. 9/- and another on Rs. 8/-, to be added to the number.

1. Bandyman. - There are two pairs of bullocks for the garden and even that number is found to be inadequate to cope with the increasing work. There must therefore be at least 3 Bandymen on the establishment and not one. Each of them have to attend to 2 bullocks,besides carting, carry, red earth and manure. The pay of Rs. 6/- offered for the work is too low, and on that account, a man on Rs. 8/- from some other establishment is posted for this work, and the man on Rs. 6/- employed otherwise. The confusion that such postings create, (such postings are not few) is very great and involves much waste of time in maintaining attendance registers, preparing pay bills and adjusting charges. I would therefore propose 3 Bandymen to be employed for 3 pairs of bullocks, and the pay of the appointments raised to Rs. 8 each

5. The Garden has a large number of furniture, and other articles, such as garden benches, iron arches, costly vases, large number of tools, and implements of English and Indian manufacture, labels, baskets and cereals and other articles of feed for the animals and birds, for all of which proper and regular stock and issue accounts have to be maintained. For this purpose, the appointment of a Store-keeper is absolutely necessary, to prevent waste. There is no one to look after this work now, and so a new appointment on Rs. 20 is proposed.

Miscellaneous Garden Establishment.

6. Artisans. - At present, there is a Blacksmith on Rs. 18 - 2 - 24 and a Carpenter on Rs. 18 - 4 - 30 employed for the past some years, sanction for their ~~xxxxxxxx~~ employment being renewed year after year. Both these artisans have work in the Garden throughout the year in connection with the repairing of timbers in the several garden structures, repairing and painting the arches, benches, wooden trellises and pipe line all over the garden, trolly, bullock carts, and many other small items of work. It is therefore proposed that their appointments may be made permanent and the pay of the Blacksmith also raised to Rs. 30/- in the progressive scale of Rs. 18 - 4 - 30. He is now drawing Rs. 24/- per mensem.

7.

7. The services of a Tomberman is necessary to help the Blacksmith in his work, and one man from the garden establishment has actually been posted for that duty since very long. It is proposed that this additional hand may also be sanctioned and made permanent on a pay of Rs. 15/- per mensem.

8. The number and length of the roads, footpaths, and open spaces has so much increased that some road or other will always be in a condition requiring repair. The staff of gardeners cannot be expected to do this except at the sacrifice of their legitimate work. It is estimated that this work will keep 1 man and 2 women fully employed throughout the year. A permanent gang of this strength is therefore proposed to be employed at a total cost of Rs. 18/- per mensem.

9. Conveniences. - There are 3 latrines within the garden premises for the use of the large number of garden employees, and visitors. There is no sanctioned establishment for cleaning it at present, but the work is got done by temporary cooly labour. A regular establishment being necessary for this purpose, two men are proposed for this at a cost of Rs. 14/- per mensem.

Y. [illegible]

Supt. Govt. Gardens

Labour force of the Lal-Bagh Garden.

1. The sanctioned Labour Force of the Garden, provided for in the annual budget estimates under the head "Servants" consists of 73 hands. Excluding from this number those that are employed in the Office and other work for which they are intended, viz., 3 peons, 1 seed collector and 1 handyman, the remaining 73 (49 men & 24 women) should be available for actual garden work.

2. But as a matter of fact, this number is not fully available for the said purpose, owing to some of the places being vacant since very long and some being otherwise employed as noted hereunder:-

	Men	Women	Total
Vacant	11	4	15
In Superintendent's House ..	1	2	3
In Curator's House	2	1	3
In Propagator's House ..	1	-	1
In Office as Asst. Seed Collector	1	-	1
Do 2nd do ..	1	-	1
Total	17	7	24

3. The number therefore that is actually employed on garden work is 49 viz., 32 men and 17 women. To this number should be added the two apprentices also who work wholetime as gardeners, making in all 34 men and 17 women.

4. This number, apparently having been found inadequate to cope with the work in the garden, was supplemented by a large number of temporary cooly labour, both men and women, which varied slightly from month to month, but employed continuously throughout the year for some years past. At the time I took charge of the office, the number of such labour was 33 men and

and 20 women or 16% in all.

5. The total strength of the establishment actually employed on garden work, at the time I took charge of the Superintendent's office, therefore stood thus:-

		Men	Women	Total
Permanent sanctioned establishment	..	30	12	42
Temporary supernties	do	..	2	-	2
Temporary Cooly labour	do	..	35	20	55
T o t a l			67	32	104

6. The last one was paid partly out of the grant for cooly labour and partly out of the grant for Special Improvements. The number of course, varied a little but on either side of the number given above, but it makes no difference for our present purpose.

7. Although this large number struck me at the very outset as being too large and unnecessary, it was not possible to effect any reduction in it immediately, without studying the details of the work on which it was employed. My first attempt in that direction was made about the beginning of January 1916 or about 4 months and a half after I assumed charge of the Department. The distribution of the work as it then existed, was ascertained from the propagator who is responsible for it and noted down. It was very unintelligible and unconvincing and not based on any detailed study either of the actual work that had to be done in the garden or of the capabilities of the men employed on any particular work.

8. The distribution of work thus existing did not help me much to formulate any satisfactory scheme in January. Owing to pressure of work in other directions and other causes, it was not possible to pursue the subject further at a stretch, but all the while, it was kept in mind and not lost sight of. All details connected with it were being studied throughout from all aspects till the beginning of October 1916. Since that time I have been

been noting down everything necessary to formulate an Establishment revision scheme, based on a division of the garden into convenient portions or blocks and Sections which would facilitate the enforcement of individual responsibility of labourers, both manual as well as supervising. According to this, the whole garden is divided into a certain number of blocks, each block is being entrusted to one or more gardeners and a number of such blocks constitutes into a Section in charge of a Head Gardener. The extent of each block and Section and the Labour Force required and allotted for each, after very careful consideration, is detailed in the accompanying typed Statement.

4 A map of the garden has also been prepared to illustrate the scheme and to ~~xx~~ represent graphically the distribution of work among the staff. Every kind of work that has to be done in the garden, the quality and quantity of it and the class of men required for it, have all been carefully considered and provided for. About 52 men including the ~~Propagator~~ are considered to be quite sufficient to do the garden portion of the work systematically, properly and efficiently. Every bit of the garden ground will be within somebody's charge and every kind of work required to be done on it, would be done in proper time and manner.

5 This number 52 could not be made up partly of the permanent and partly of the cooly labour establishment. The continuance as at present of the latter establishment throughout the year, at better emoluments assured to every one of them, good, bad and indifferent alike, has a demoralising effect on the permanent establishment, the majority or even 9/10the of the members of which, get less pay than their brethern on the temporary one. Any man who happens to be a good and intelligent gardener, finding no chance to ever get on the permanent establishment, gives up his work and gets himself enrolled on the temporary establishment, which offers him more emoluments. Or if he has any sense of self-respect

self-respect and considers it degrading to him to be enrolled as a cooly, seeks employment in private gardens, where generally higher rates of salary, than can at present be obtained in the Government Gardens department, are offered to him. This system has already deprived the Gardens department of almost all its good gardeners and of those now continuing, there are not even 3 who could be called real " Gardeners. " Another disadvantage of working with such a combined establishment is, that it does not enable a proper and satisfactory distribution of work in the garden to be made and responsibility enforced. More than half would be temporary cooly labourers, most of them would come to know nothing about gardening, but invariably drawing higher wages than the other less than half of the present establishment. The men would have to be moved in a mass, as at present, designated the " Gang," from one work to another, the distribution being insusceptible of enforcement of Individual Responsibility and with only one Permanent Maistry to direct and supervise the work of such a large number of men distributed over the very large extent of the garden. Under such circumstances the quality also of the work turned out, could not be but be unsatisfactory, and the men would also not have any opportunity of learning any particular work of garden operation, by incessant employment at it. This system which is the one existing at present, has already denuded the Garden department of every one deserving the appellation of " Gardener " and all who are left behind are no more than coolies who know nothing of real gardening.

The revision proposed therefore provides for the whole of the Garden establishment being made permanent. Only 15 gardeners more than the present sanctioned number has been proposed. Considering the large number of flower beds and lawns that have been brought into existence, and that have to be maintained throughout, and the maintenance of the groups of pot and ground plants that have been arranged both artistically and for educational purposes in a high state of efficiency, and the scrupulously neat condition in which the garden is now expected by the public to be maintained, the

the additional number is not at all large.

(2) So much as regards the number required for the garden proper. Then as regards the quality of work to be turned out by it and the consequent qualifications that its members should possess for turning out the required quality of work. As has already been referred to above, the quality of ~~xxxx~~ the work turned out by the permanent establishment is very poor. This is due to the low salary fixed for the posts, which is much less than what an ordinary day labourer can earn elsewhere as wages. Six annas is the ordinary daily wages of a labourer in these days of high prices, and at this rate one can earn Rs. 11-4-0 a month, while Rs. 10/- is the highest salary offered to a gardener here, and only two appointments on that rate is open. Gardeners in private houses generally get from Rs. 10/- to 20/- according to their qualifications, in addition to the prize money they win at the horticultural Shows. Boys generally earn more than Rs. 4/- a month elsewhere, and it has been so very difficult to secure boys of steady habit on Rs. 3/- or 3 ½ as at present sanctioned. These causes also account for the large number of vacancies on the permanent establishment. The revision therefore provides for a general increase of salary all round, and also for a larger number of higher appointments for the more intelligent garden operations and efficient supervision.

T. [illegible]

Supdt. Govt. Gardens

The Seed-Depot and Saleroom.

1. At present this has not been organised on any regular basis, and its duties also not properly defined. The establishment sanctioned for it consists of only one clerk on Rs. 60 - 2 - 80, designated as "Record Keeper & Salesman," and a "Head Collector" on Rs. 30/- under the "Head" servants."

2. But actually, there are 6 men working in it as under:-

1. Salesman	)
2. Head Collector	) Sanctioned
3. Assistant Seed Collector	)
4. Boy Seed Collector	) Borne on more other
5. Private Writer	) establishment.
6. Head Peon	)

3. In addition to this, the services of a number of other servants are being utilised for packing and other work. All these men are however necessary and with more defined and regular work, even this number may have to be strengthened. For the present however, I would propose the following establishment for this purpose:-

1. Salesman	..	Rs. 60 - 2 - 80
2. Plants Clerk	..	Rs. 40 - 1 - 50
3. Seeds Clerk	..	Rs. 25 - 1 - 30
4. Attender	..	10/-
5. do	..	9/-
6. Porter	..	9/-
Total	Rs.	.. 125/-

4. The principle that should regulate appointments on this establishment may be to let the total expenditure on this establishment and its contingencies should not exceed the amount of sale-proceeds realised for the year by the Depot. And in arriving at this amount, all other receipts of the garden department such as the issue amount of grass and fruit trees, and the sale-proceeds

(83

sale-proceeds of tickets at the periodical Horticultural Shows and other extraneous receipts not due to any effort of the Saleroom but are at present included in it, should be excluded, and only that amount which is earned by the labours of that Department, should be taken into account. This regulation would also relieve the department of the charge (though it would otherwise be defended also) that is levelled against it by casual observers, of competing with private enterprise.

3 I have convinced myself that the maximum amount proposed for this establishment together with an annual contingent grant of Rs. 160/- for it, would leave a good margin and bring it within the amount that would be arrived at according to the principle above enunciated.

Superintendent Horticulture

Sir,

from the Sanctioned Estimate that provision has been omitted. Under these circumstances only grant at the disposal of this Department than that for the ordinary routine administration, is a sum of Rs 15000/- provided under the head "Improvements." Out of this sum of about Rs 11000/ can be made available for the erection of the establishment house, in which case the "Improvements" have to lie over till the next year.

I request the favour of an early order in the matter.

I have the honor to be
